B-SMART[®] Sensor Program For Fyrite[®] INSIGHT[®] & PCA[®] 3

Features & Benefits:

- You receive pre-calibrated replacement sensors that you can replace easily in-the-field.
- Eliminate instrument downtime and save money. No need to send instruments away for sensor calibration.
- Replacement sensors are shipped at pre-determined intervals of your choice. Choose a program start date that fits your schedule.
- Receive your pre-calibrated B-Smart[®] sensor(s) in a returnable, pre-labeled container that you'll use to return your old sensor(s).

The B-Smart[®] Sensor Replacement Program offers you a flexible, no-hassle solution to periodic sensor calibration for the Fyrite[®] INSIGHT[®] and the PCA[®]3 instruments. Offered directly through Bacharach, the program allows you to choose the schedule and number of calibrated sensors that you need for your instrument(s). Bacharach will automatically send out the plug-n-play sensors, pre-calibrated and ready to install, on the dates you specify over the length of the program. **The Program covers the following sensors: CO, NO, NO₂, SO₂, and CO-high.**

For more information about which B-Smart[®] Calibration Program best fits your needs, please contact a Bacharach team member at **1-800-736-4666** or visit **www.MyBacharach.com/b-smart** to enroll.
