

1 **EC TYPE EXAMINATION CERTIFICATE**

2 Equipment or protective system intended for use in potentially explosive atmospheres –
Directive 94/9/EC – Annex III

3 EC Type Examination Certificate No.: **TRAC12ATEX0037X**

4 Equipment: **Intrinsically Safe Digital Camera DC6000 and TC7000 Thermal Imaging Camera**

5 Manufacturer: **CorDEX Instruments Ltd.,**

6 Address: **Unit 1 Owens Road, Skippers Lane Industrial Estate,
Middlesbrough, Cleveland, TS6 6HE, United Kingdom**

7 This equipment and any acceptable variation thereto is specified in the schedule to this certificate and the documents therein referred to.

8 TRaC Global Ltd, Notified Body number 0891 in accordance with Article 9 of the Council Directive 94/9/EC of 23 March 1994, certifies that this equipment has been found to comply with the Essential Health and Safety Requirements relating to the design and construction of equipment or protective system intended for use in potentially explosive atmospheres given in Annex II to the Directive.

The examination and test results are recorded in the confidential reports **TRA-010226-33-00A**
& TRA-010226-33-01A.

9 Compliance with the Essential Health and Safety Requirements, with the exception of those listed in section 18 of the schedule to this certificate, has been assured by compliance with:

EN60079-0:2009

EN60079-11:2012

10 If the sign "X" is placed after the certificate number then this indicates that the equipment or protective system is subject to special conditions of safe use specified in the schedule to this certificate.

11 This EC-Type Examination certificate relates only to the design and construction of the specified equipment in accordance with Directive 94/9/EC. Further requirements of this Directive apply to the manufacture and supply of this equipment.

12 The marking of this equipment or protective system shall include the following:

 **II 2G Ex ib IIC T4 Gb** **Tamb -10°C to 40°C**
II 2D Ex ib IIIC T200°C Db
I M2 Ex ib I Mb

This certificate and its schedules may only be reproduced in its entirety and without change. This certificate is issued in accordance with the TRaC Ex Certification Scheme.

13 **SCHEDULE TO EC TYPE EXAMINATION CERTIFICATE**14 **TRAC12ATEX0037X**15 **General description of equipment or protective system included within the scope of this certificate**

The DC6000 is a battery powered hand held digital optical camera with an articulating lens, designed to take images. It comprises of several printed circuit boards inside the equipment. The IP54 enclosure is made from polymeric materials inside a protective rubber boot, the articulating lens head is made from aluminium. The equipment is battery powered by three 1.5V AA alkaline cells. Only Duracell MN1500 LR6 cells can be used.

The TC7000 is a thermal imaging camera which shares the same enclosure, power source and common pcbs with the DC6000. Some different pcbs are fitted to provide the thermal imaging function.

A list of controlled Manufacturer's Documents is given in Appendices A.1 and A.2 to this schedule.

Parameter	USB
Um	253V

16 **Test report No.:** TRA-010226-33-00A & TRA-010226-33-01A.17 **“Special Conditions of Safe Use” for Ex Equipment:**

1. Only Duracell Procell MN1500 LR6 AA cells can be used.
2. Only Panasonic CR2032 for real time clock backup can be used
3. The equipment must be de-energized and removed from the hazardous area by the operator when the presence of a hazardous atmosphere is detected. When used in an underground mining area EPL Mb.

18 **Essential health and safety requirements**

Covered by application of the standards listed in section 9 of this certificate and the assessment conducted in the test report listed in section 16 of this certificate.

19 **Additional information****“Routine tests”, if any:**

None.

“Special conditions for manufacture”, if any:

None.

Other information, if any:

None.
