

Intec Force 1 K10000 02 Fiberglass Package

aikencolon.com

THE FORCE/1 *Insulation Blowing Machine*

EXCEPTIONAL PERFORMANCE.

Today's customer demands nothing less than a reliable, solid performer that is easy to use. That's why the FORCE/1 is so successful. It is capable of blowing more than 500 pounds per hour or covering 1000 SF of attic in just over an hour.

TOTAL RELIABILITY.

Because no insulation material actually goes through the blower, the FORCE/1 is a virtual workhorse, requiring only minimal maintenance and downtime. Direct drive means there are no chains to adjust or wear out, ever.

AND EASE OF USE.

Setting up the FORCE/1 on the jobsite is uncomplicated, quick and easy. And end-of-the-day clean up is equally efficient. Taken together, performance, reliability and ease of use make the FORCE/1 the insulation blower of choice.

THE FORCE/1 COMES WITH:

- 100 feet of 2-½" blowing hose
- (1) 2-½" hose connector
- (3) 2-½" stainless steel hose clamps
- 50 foot attached power cord
- 100 foot dual remote control
- 6 inch wheels
- pinset material slide gate
